Patient Experience Program

Mobile stand (iCleanse Mini)

- Building on the foundation of the Patient Experience program with Surfacide bathroom disinfection
- Developed scripting for the patient experience representative to interact with the patient or patient's family member
- Bring iCleanse device during the rounding/turn down service and offer the opportunity for them to disinfect their devices/other personal items
- Positive perception from patient & patient's family has impact on HCAHPS

Surfacide Swift UV

- Can be wall mounted or mounted onto a stand with a hand sanitizer station
- Cell phone & Tablet sizes available
